

**BIG DECISIONS
DUE MONDAY BY
SCHOOL BOARD**

Rapid developments in the negotiations between the Gettysburg Joint School District and the Department of the Interior in the land-swap deal involving a 23-acre tract east of the high school building were reported today and are expected to put the joint board in position for some major decisions at its regular meeting Monday evening.

After a telephone call this morning from Department of the Interior officials at Washington, Attorney Richard A. Brown, member of the firm which serves as legal counsel for the joint district, said the board will be in a position Monday to decide whether the land is to be used for the site for the new grade school building.

Colt Park Site Picked
Months ago, when there was no assurance that any other site would be available, the joint board designated Colt Park as the site for the building and that action never has been changed.

The new grade school building is expected to reach the bidding stage this month and plans for the new structure are expected to be placed before the directors Monday evening for a final examination before bids are asked. The board meets Monday at 8 p.m. at the high school.

Mr. Brown said today that it has been indicated that the federal government will "give the school district a permit" to put a school building on the ground even though the red tape involved in the land trade and change of title have not been accomplished.

Details Can Come Later
Mr. Brown said he has every reason to believe the government land is to be made "immediately available" for school use.

Weeks ago the Joint School Committee of the school district named three negotiators for the government land and they with Dr. J. Walter Coleman, National Park superintendent here, made arrangements to have the government land appraised in preparation for a land trade. No report has yet been made by the negotiators.

The effect of today's information is to leave the details of negotiation to be completed later with a "go ahead" for the school board.

**JAYCEES PLAN
SQUARE DANCE
AFTER PARADE**

A square dance following the Halloween parade, methods of spurring the current membership drive, and an essay contest termed "Voice of Democracy" were discussed Thursday evening at a meeting of the Gettysburg Junior Chamber of Commerce at the fire engine house.

Plans were completed for the Junior Chamber-sponsored square dance to be held immediately following the Halloween parade on the night of October 28 at the armory from 9 to 12 o'clock. All proceeds above expenses will be turned over to local Community Chest headquarters. Admission will not be charged but donations will be accepted. Refreshments will be on sale.

"Membership Drive Night" will be observed at the next meeting of the Jaycees October 22 at Banker's Restaurant starting 8 p.m. Movies of the Junior Chamber convention held last August in Minneapolis will be shown. Also on film will be a picture entitled "Our Town," discussing the community obligations and privileges of a Junior Chamber member.

Teams Spur Campaign
Speakers at the October 22 meeting will be National Director Grover Goucker and District Governor Merle Forney, both of Hanover. Refreshments will be served.

New members between the ages of 21 and 35 wishing to join the young men's civic organization are asked to contact Harold Ecker, 215 Springs Ave. The membership drive will end November 25.

The local organization has split its forces into two membership teams—the losing unit to "treat" the winners. A member bringing in the name of a new applicant will have his own name sent to the national office where it will be put in a barrel. On New Year's Day one name will be drawn, the winner receiving an expense-free trip to Mexico City for two. In Mexico City he will be the guest of the Junior Chamber of Commerce of that city.

**COUNTY CLUBS
INDICATE CUT
IN DONATIONS**

Although no formal opinion was expressed, the Adams County Fraternal and Social Organization agreed with its local counterpart—Gettysburg Association of Clubs—that due to a loss of a source of income, member clubs will be forced to "drastically reduce" their donations to charitable organizations this year.

Meeting at the Gettysburg Moose Lodge Wednesday night, delegates representing nine local and county clubs discussed a dreary picture of regaining lowering club incomes and its effect on local donations to charity.

Tuesday evening at a meeting of the Gettysburg Association the financial picture indicated a sharp decline in the amount which will be given to charitable institutions.

Heard Report
President Allen Moul, East Berlin VFW, requested member clubs to submit a list of delegates to the county organization. Bernard Selby discussed the state sales tax.

Reports were given on the joint meeting of the Adams and Franklin County organizations held September 11 at the Chambersburg Elks Lodge.

President Moul announced that the next meeting of the county organization will be held Wednesday, November 4, at the Littlestown Eagles home.

Represented at the meeting were the following organizations: Gettysburg Moose, Elks and Legion; Littlestown Eagles and VFW; Littlestown Moose; New Oxford School and Athletic Club; East Berlin VFW, and Bonneauville Catholic War Veterans.

**REMODELING AT
COUNTY HOME
IS PROGRESSING**

Reconstruction of the former insane asylum section of the "Annex" building at the county home is nearly completed, members of the Auxiliary of the county home learned at their meeting there Thursday afternoon. Judging by progress so far, it was stated, the building should soon be ready for occupancy.

Five mattress covers were ordered by the auxiliary for beds in the new section.

A committee comprising Mrs. Marie Keller, Mrs. J. P. Dalby and Mrs. Susan Lauver was named to assist Mrs. Mervin Murray to determine what furnishings are needed to make the sitting room in the men's building more comfortable. The committee will report at the next meeting of the auxiliary.

Buy Towel Racks
Mrs. Murray was authorized to purchase 12 towel racks for individual rooms, mostly in the men's building. The authorization was made in the event no further donations of racks are made by organizations. A number of organizations have already donated racks and others have been purchased by the auxiliary itself.

Sunday services are now being held in all three buildings at the county home, the auxiliary learned. Because of the increased number of services, the auxiliary voted to have the pianos at the home tuned and repaired as needed.

Mrs. Murray outlined the need for a crafts project in the home during the winter months.

Richard Platt, college student, is presenting to his fraternity plans for a program of crafts to be held at the county home as a fraternity project, she added.

**BOND ISSUE ON
H. S. ADDITION IS
SOLD TO PHILA.
UNDERWRITERS**

A bid, described as "the best for a school bond issue in this area in some time," was accepted Thursday evening by the Gettysburg School Authority for the \$775,000 bond issue that will finance the classroom-auditorium addition to the Gettysburg High School building.

The combined bid submitted by M. M. Freeman, Inc., and Blair, Rollins, Co., Inc., Philadelphia underwriters, was accepted by unanimous vote of the members of the authority. The bid was negotiated and had been received by the authority board members at a special meeting Monday evening.

The offer was studied by bond counsel and local banks were consulted before the final action was taken Thursday evening at a meeting in the office of Swope, Brown and Swope, counsel for the joint school district.

May Be Paid Off In 25 Years
The bid was for \$775,000, less a 3 percent discount. It is a 30-year issue but it was explained that with the use of reserves the bond issue is expected to run out in 25 years.

The interest rate is 3 to 3 3/4 percent for the block of bonds maturing serially from 1955 to 1973 and there are 365 bonds bearing 3.8 percent interest. Taking into consideration the discount, the general interest rate on the bond issue is 3.82 percent and members of the authority seemed pleased with that figure.

The bonds carry a callable feature so that if there should be an appreciable change in the bond market, the issue could be bought up by the authority and re-issued. Part of the issue provides for payment of a premium in case the bonds are called.

To Be Available Locally
The bonds will be available to local investors through their local banks, members of the authority said and predicted that the tax free investments may prove attractive locally.

Dr. R. D. Wickerham, joint board president; Ralph W. Guise, chairman of the Finance and Planning Committee; Addison Durbin, a member of that committee, and Superintendent of Schools Lloyd C. Keefeaur attended Thursday.

To Seek State Okay
The plans for the new high school and its financing now will be rushed to Harrisburg for final state approval and the fixing of the rate of reimbursement by the state on the new construction.

A special meeting of the joint school board will be called for October 19 for the individual school boards to execute the leases and agreements with the authority for the new structure. That action is contingent upon favorable action at Harrisburg. No difficulties are anticipated in securing a final state okay on the project.

Children Disturb Hospital Patients

Borough police, called again Thursday afternoon to "break up" a group of youngsters playing on the Warner Hospital lawn, today appealed to the parents of the community to warn their children against playing at the hospital.

The noise made by the children disturbs some patients, who are in need of quiet, police said, adding that "with the Recreation Field only a short distance away, the children have plenty of room — some 50 acres — where they can shout and play to their hearts' content."

Police pointed out that if hospital authorities chose they could prosecute under trespass regulations but they prefer to seek co-operation.

J. P. MITCHELL APPOINTED TO CABINET POST

WASHINGTON (AP)—James P. Mitchell was sworn in today as secretary of labor and attended his first Cabinet meeting.

Mitchell, 52-year-old former New York City department store executive with long experience in labor relations, took the oath in ceremonies at the White House with President Eisenhower looking on.

The New Jersey Republican, who says he is "neither a plumber nor a millionaire," had been assistant secretary of the Army until Eisenhower announced the new appointment yesterday.

"You're about to go to your first Cabinet meeting," Eisenhower said as he posed for pictures with Mitchell.

Among those present were Defense Secretary Charles Wilson, mobilization director Arthur S. Flemming, and AFL union leaders Richard J. Gray and Joseph L. Keenan, along with members of Mitchell's family.

The oath was administered to Mitchell by Percy Nelson, a member of the White House staff.

Succeeds Durkin
He succeeds Martin P. Durkin, a Democrat who quit a month ago and went back to his job as AFL Plumbers Union president.

Durkin complained that Eisenhower had broken a pledge to recommend to Congress a set of 19 proposed amendments to the Taft-Hartley labor relations law. Eisenhower later said he had never knowingly broken a promise to any associate.

While Durkin was in the Cabinet, administration critics claimed it was composed entirely of millionaires except for one plumber, Durkin.

Mitchell declined to discuss the Taft-Hartley controversy with newsmen. He said he was never publicly expressed himself on the law and would like to keep it that way for a while.

In announcing the appointment to his new conference, Eisenhower praised Mitchell's ability and long experience in handling labor relations problems. Mitchell himself promised to try "to the best of my ability to do the best possible job for the people of the United States."

2 KIDNAPERS WAIVE HEARING; BOND \$100,000

ST. LOUIS (AP)—The kidnapers of Bobby Greenlease, handcuffed together, were whisked from the St. Louis City Jail to the nearby federal building today and were arraigned on federal extortion charges.

Both waived preliminary hearing before U. S. Commissioner Edwin J. Bean, and the bond under which they are held was kept at \$100,000 each.

It was not immediately known what would be done next for the pair, Carl Austin Hall, the confessed ringleader of the kidnap plot, and Mrs. Bonnie Brown Heady, 41, the widow who lured the 6-year-old boy from his private school in Kansas City Sept. 28.

"We probably shall return them to Kansas City in the custody of the marshal," said U. S. Attorney Harry Richards.

Wears Cheap Dress
Mrs. Heady wearing the same cheap gray dress she had on when arrested, appeared unsteady on her feet as she and Hall were escorted out of the jail for the short auto trip to the federal building.

Attached around the waist of the balding Hall was a heavy chain, to his handcuffs. The woman was handcuffed to Hall by one hand. Her right hand was free.

Mrs. Heady's attorney, William Rosenthal, was granted permission to confer with her for 10 minutes in the commissioner's office before the arraignment.

As they appeared before Bean, Rosenthal said his client had decided to waive preliminary hearing "and while I do not represent Mr. Hall, I have discussed his rights with him and he has decided to waive hearing, too."

Bean then directed that their bond remain unchanged.

"Don't you believe it's excessive?" Rosenthal said.

"No, I don't," Bean replied. The small hearing room was crowded, mostly with federal building employees and newsmen. No photographs were permitted in the hearing room.

The prisoners were taken up to the third-floor hearing room on a freight elevator.

The Justice Department in Washington announced yesterday that the State of Missouri will be given jurisdiction in the case.

But no decision has been announced on whether the pair will be tried at Kansas City, where they have been charged with kidnaping, or at St. Joseph, where murder charges have been placed against them.

U. S. Marshal Omar Schnatmeier said that for security reasons he could not disclose the time or manner of the prisoners' departure from St. Louis.

President Doesn't Think War's Shadow On U.S. Doorstep Now

WASHINGTON (AP)—President Eisenhower says Russia possesses an increasing capability of delivering an atomic attack on the United States, but he does not think the threat of war shadows America's doorstep now.

And, in the fullest official U.S. statement since Moscow claimed mastery of the awesome hydrogen bomb, the President said yesterday the Soviets have "a weapon, or the forerunner of a weapon, of power far in excess of the conventional (atomic) types."

Eisenhower's assurance at his news conference that his administration is moving to meet this situation was generally applauded by lawmakers.

Another Layer Of Secrecy
But Sen. Kefauver (D-Tenn.) said the President may have created "another layer of secrecy on all too secret a subject." Complaining that Eisenhower said nothing of continental defenses, Kefauver asked for a Senate Armed Services Committee hearing on this issue.

Kefauver said in a statement he has reached "the startling conclusion that the Joint Chiefs of Staff do not believe that an effective continental defense can be established against delivery of the atomic bomb and the H-bomb."

He called for public testimony on this by Adm. Arthur W. Radford, chairman of the Joint Chiefs of Staff; Secretary of Defense Wilson; and Chairman Lewis L. Strauss of the Atomic Energy Commission (AEC).

Asks No Comments
In a formal statement at his news conference, Eisenhower also:

1. Announced that he has asked all members of his administration "to refrain from comment on Soviet nuclear capabilities unless they first check their statements" with Strauss, the AEC chairman. Kefauver and some other Democratic senators have said the public was being confused by what they termed conflicting statements.

2. Declared the U. S. atomic stockpile "is large and increasing steadily," and that it includes

weapons for use in the specific tasks assigned the Army, Navy and Air Force.

Sens. Hickenlooper (R-Iowa) and Olin D. Johnston (D-SC), among others, agreed there is no imminent prospect of a Russian atomic attack on this country.

Sen. Green (D-RI) applauded Eisenhower's clampdown on varying statements from administration officials on the probability of any such attack.

NEWSPAPER BOY COMPLIMENTED AT PNPA SESSION

HARRISBURG (AP)—The role of the newspaperboy in promoting circulation was emphasized at today's opening session of the 29th annual convention of the Pennsylvania Newspaper Publishers Association.

"Not every teen-age boy is a born salesman," declared Virgil Fassio, circulation manager of the Valley Daily News, Tarentum. But by providing the proper incentive, he added, the boys can be induced to sell.

Fassio spoke at one of the numerous panel sessions staged by the PNPA on all phases of newspaper work and selling. The two-day annual parley reaches a climax tomorrow with an address by Mrs. Oveta Culp Hobby, U. S. secretary of health, education and welfare and a Texas newspaper publisher in private life.

Other Speakers

Other speakers to appear at the convention will be Gov. John S. Fine; Eddy Gilmore, the Associated Press' Pulitzer Prize winning Moscow reporter; Willard G. Cole, Pulitzer Prize winning editor of the Whiteville, N. C., news reporter; and George W. Hodel, general manager of the Beckley, W. Va., Post Herald and Raleigh Register.

Fassio said that his paper, which has boosted circulation from 9,500 daily in 1947 to 18,600 today, has relied on prize trips and other rewards to stimulate subscription-selling by newsboys.

"We have a carrier-salesman program with real benefits, enabling us to recruit what we feel are the best boys in our area," he said.

James R. Hale, special representative of the Hartford Insurance Co., outlined the procedure for publishers to follow in taking out catastrophe plan insurance.

Discuss Weekly Problems
Personnel problems of weekly newspapers were discussed by B. W. Mittler, president of the Shipensburg News Chronicle.

In advance of the opening of the convention, Theodore A. Serrill, PNPA general manager, reported to the organization's executive committee that 75 per cent of Pennsylvania's newspapers increased circulation during the past year.

Serrill pointed out, however, that despite increasing revenues for newspapers, operating expenses are increasing at an even faster rate.

"This has put a hard squeeze on profits before taxes and taxes are cutting profits far below the safe margin necessary to a thriving industry," he said.

Pennsylvania papers, however, continue to lead the nation in expenditures for new plants and equipment, Serrill said.

In 1947, some 392 newspaper publishing firms spent 10,764,000 for improvements. A new survey this year, Serrill said, will show the 1953 figure to be far above that.

COMPROMISE IS OFFERED NNRC AT PANMUNJOM

By MILO FARNETI
PANMUNJOM (AP)—The Allies today offered a compromise plan that could get explanations to reluctant prisoners of war started by Monday.

The U. N. Command said it is willing to work round-the-clock to cut the time of building temporary explanation centers for the Communists from seven to five days.

The Reds will use the centers to interview 22,600 Chinese and North Koreans who have refused to return to communism.

Build Facilities
The Neutral Nations Repatriation Commission (NNRC) in a letter Thursday indirectly accused the Allies of trying to stall the start of Red persuasion attempts in an effort to cut down the explanation period, which ends Christmas Eve.

Both side built explanation facilities before the scheduled Sept. 26 starting date, but each rejected the other's construction.

The Reds said the U.N.-built center was located so that the Communist representatives would have to travel too close to stockades holding violently anti-Red POWs. The NNRC asked the UNC to build a new one.

Says Army Request Is "Ridiculous"

PHILADELPHIA (AP)—The President of the Greater Philadelphia Chamber of Commerce has termed a proposal by Army Engineers that local interests help pay for dredging the Delaware River "absolutely ridiculous."

Commenting on the recommendation by Maj. Gen. S. D. Sturgis Jr., chief of Army Engineers, that the federal government pay only half the cost, President J. Harry LaBrum said in a statement:

"It is simply amazing that anyone in the U. S. government would suggest such a program for persons using a natural thoroughfare. A whole new concept of government must be considered if we are to make toll roads of our harbors or a Panama Canal of the Delaware River."

CRITICAL OF PERON VISIT BY EISENHOWER

MEXICO CITY (AP)—U. S. Publisher John S. Knight, outgoing president of the Inter-American Press Association, criticized President Eisenhower Thursday for sending his brother Milton to call on Argentine President Juan Peron last July during his tour of South America.

Knight, publisher of the Chicago Daily News, Miami Herald, Detroit Free Press and Akron Beacon Journal, told the association he himself had turned down an invitation to visit Argentina and call on Peron because he wouldn't be a party to such "face-saving gestures" by the Argentine leader.

Knight was reporting to the association's annual convention on the state of freedom of the press in the Americas. He said in the cause of freedom of the press, "victories have been few in comparison with our defeats."

Knight said it seemed evident that Peron was seeking a rapprochement with the United States, and "this can only spread further disillusionment and pessimism among the other South American countries."

Because he refused to be a party to this, Knight said, his own trip to Argentina was called off.

"It is unfortunate that the U. S. Government did not adopt a similar attitude instead of sending Dr. Milton Eisenhower, the President's brother, to the Argentine," Knight added.

Special Favorite of the Ladies!

When a Cadillac comes into the service of a family that has never owned one before, it is—quite naturally—a source of great happiness to the entire family group.

But we have noticed, through the years, that the car is a very special favorite with the ladies. For, most assuredly, a Cadillac does some very wonderful and extraordinary things for a lady.

First of all, she looks her loveliest when she is seated behind its wheel. Every time she takes to the highway, she finds herself the focal point in a gorgeous picture.

And she feels as wonderful as she looks. The car's deep, luxurious cushions cradle her in magnificent comfort throughout the longest journey. The great responsiveness of the quiet, powerful engine gives her a marvelous sense of command. The car steers and brakes and drives with such miraculous ease that she actually rests and relaxes as she rides.

Of course, there are a great many other satisfactions which a lady finds in a new Cadillac car.

There is, for instance, her delight at seeing her family surrounded with every comfort and safeguard known to the science of motor car design. And there is the deep and rewarding sense of fulfillment which comes with ownership of such a prized and sought-after possession. Even parked in her driveway, the car is a tribute to her good taste and judgment . . . and a wonderful complement to the beauty and graciousness of her home.

To any gentleman reading this advertisement—we would like to make a suggestion: Some day soon—when the sky is bright and the time is right—ask your lady if she wouldn't like to take a ride in a 1953 Cadillac.

We think we know what the answer will be—and we'll be happy to see you, indeed.

10 Flee Fire in Plank Building: While 10 occupants of upstairs apartments fled in their nightclothes and barefeet, fire which had been discovered Monday morning about 5 o'clock spread through the lower sections and walls of the Milton C. Plank store and apartment building on Baltimore St.

The flames destroyed the A. and P. and F. W. Woolworth companies' storerooms and their stocks; caused heavy smoke damage to the stock of the Harris Brothers store, and damaged five second and third floor apartments in the Plank building. Gettysburg firemen battled the blaze for five hours with the assistance of companies from McSherrystown, Cashtown, Ardenville and Hanover while trucks from York Springs and Bonnevillie stood by in case of need.

Damage by the blaze, the most disastrous fire in Gettysburg in 10 years, has been placed conservatively at about \$65,000.

Son, Daughter of A. E. Ebberts Married in Double Ceremony: Miss Louise M. Ebbert, daughter of Mr. and Mrs. A. E. Ebbert, of Biglerville, R. D., and William Glenn Little, son of Mr. and Mrs. George E. Little, Straban township, and Miss Ruth A. Eyler, daughter of Mr. and Mrs. L. Darwin Eyler, of Ottumwa, and Arthur J. G. Ebbert, son of Mr. and Mrs. A. E. Ebbert, were united in marriage in a double wedding ceremony at 4:30 o'clock Thursday afternoon at the Lutheran parsonage of the West Manheim charge of the United Lutheran church, Hanover.

The Rev. Henry W. Stenat, of Biglerville, who performed the ceremony, used the ring ceremony of the United Lutheran church.

Crowds Cheer Hitler as He Enters Sudeten: (By The Associated Press) Reichsfuehrer Hitler ceremoniously entered the Sudetenland today amid great rejoicing, while Polish troops occupied another segment of Czechoslovakia's shrinking frontier and the Prague government arranged to clean up with Hungary its last unsettled minority issue.

The British and French governments, meanwhile, prepared accounts for the price Czechoslovakia is paying at their behest for the Munich Peace that remade a vital part of Europe's map and hoped their people would approve.

Today's Talk

By GEORGE MATTHEW ADAMS

OUR DAILY BLESSINGS
How our lives are cluttered up with petty complaints, irritations, and worries — things that are so far outnumbered by the multitude of blessings that are ours every day of our lives. We live in a world of beauty, with invitations to be happy that are offered to us without money and without price.

How often have I thought of those inspiring lines from Robert Louis Stevenson. He said: "Little do ye know your own blessedness, for to travel hopefully is a better thing than to arrive, and the true success is to labor." How can any one of us predict his own destiny? What a wonderful thought! Stevenson's — "to travel hopefully," scattering benefits for the eager hands and hungry hearts of others to have and to own.

Most of us complicate our lives. "Simplify, simplify," was the advice of Thoreau. He learned the value of those words of living them. I believe that it was a visiting Frenchman who came to America with a message. It was to repeat many times a day these words: "I am a healthy, happy human being." Words to take to heart, and words with a significant import.

With Dryden we can say: "Tomorrow, do thy worst, for I have lived today." If we are to borrow anything, let it be something that can be repaid in happiness. And that today.

If at the end of each day we were to count our blessings, it would surprise us how they have come to us in an abundance! Nothing like an appreciation of these blessings to give us "pleasant dreams." For years upon retiring for the night I have repeated from memory the Twenty-third Psalm. I find it makes me feel humble and appreciative of all the blessings of the day. And it is full of comfort and assurance. The one blessing of having been born and living in a free land is something that should daily stir us with gratitude. How fortunate we are! And what a multitude of blessings are to be discovered in nature, belonging to us all who will but appreciate.

Tomorrow Mr. Adams will talk on the subject: "The Cheerful Front"

THE EXCEPTIONS
Both Mrs. Smith and Mrs. Jones want everything the other owns. With some exceptions, one is that of purchasing the self-same hat. Contented and well pleased they are.

With both possess the self-same car. But happiness they'd promptly lose should gowns alike they chance to choose.

Though Mrs. Smith the task bemoans of keeping up with Mrs. Jones. When she must entertain her group she'd never serve the self-same soup.

With men 'tis different. They don't care.

That all alike are hats they wear. They'll buy the common suit of blue And that's what women wouldn't do.

Bullets Must Solve Strong Defense Of Albright Lions In Night Game At Reading

Two former Gettysburg College football stars will be pitting their grid know-how against each other when the Bullets tangle with the Lions of Albright under the lights at 8 o'clock Saturday evening in the Albright Stadium at Reading.

Johnny Yovicin, Gettysburg coach, graduated in 1940 while Eddie Gullan, Albright mentor, was graduated in 1930. Both played end positions.

Albright's victory over Muhlenberg and the subsequent Mule triumph over Bucknell gives an inkling of the kind of opposition in store for the Bullets.

Since taking over the reins at Albright in 1949, Gullan has lost but one game of four to the Bullets, that being the 21-20 verdict 1951. The Lions won 14-12 in 1950 and 7-0 here last year while the 1949 contest resulted in a 13-13 stalemate. Gettysburg holds the edge in the 13-game series with seven wins against two defeats and four ties.

Among the 15 lettermen on the Albright squad are Co-Captain Jack Sudol, 175-pound back, and Bruce Eickhoff, 6-3 203-pound end. Sudol was named to the state all-defensive team in 1951. Eickhoff caught the TD pass which will probably miss Saturday's game due to an injured leg.

The big Albright forward wall, which will average better than 200 pounds per man, is expected to force the Bullets to take to the air lanes more than ordinarily and Frank Gagliardi, soph quarterback, has been sharpening his pitching arm and eye during the intensive drills this week.

Expects Tough Game
Coach Johnny Yovicin said today: "We are expecting a very tough ball game. Our offense will be pitted against a very fine defensive team."

The Bullet mentor revealed that Tom Kostelac, junior end, will miss the game due to a knee injury. He previously announced that Ernie Paliszewski, sophomore back, will replace Earl Yost at a halfback post. Yost has withdrawn from school preparatory to joining the armed forces Monday.

No other changes are expected in the Bullet lineup. All squad members are reported in good physical condition.

The squad will leave Saturday afternoon at 1:15 o'clock and will dine at the Hotel Berkshire in Reading, returning immediately following the game.

Accompanying the large group of fans expected to make the trip will be the college band.

The game will be broadcast over WGCT.

BISONS ADD STEWART

BUFFALO N. Y. — The Buffalo Bisons in the American Hockey League have acquired left winger Gaye Stewart from the Montreal Canadiens.

General Manager Fred Hunt said Stewart will start for the Bisons when they open their season Saturday night in Syracuse.

1st Shooting Match Here On October 25

The Gettysburg Sportsmen's Association will hold the first of a series of shooting matches at the Gettysburg Gun Club along Wainwright Ave. Sunday, October 25, beginning at 1 p.m.

There will be still targets and clay birds and prizes will include a hind quarter of beef and hunting clothing. Association officers said a number of other matches are planned for the next few months. None has been held since last spring.

LANE TO STAY WITH CHICAGO

CHICAGO — Baseball's super salesman, Frank Lane, is remaining in the Chicago White Sox fold after completing the season's best trading marts.

The 57-year-old wizard of the trading marts says he has turned a deaf ear to offers from the Baltimore Orioles to become their General Manager, Unlimited.

Working both ends against the middle, like any good horse trader, Lane probably has emerged with a new White Sox contract calling for a salary or bonus boost and good for five years.

Gets Bonus Pay
The White Sox general manager reportedly has been working under a \$35,000-a-year contract with a bonus clause paying five cents for every paid admission over one million. On this basis, he made as much as \$51,411 in 1951 when the Sox drew a record 1,328,234 home attendance.

He has two years to go on his present pact with the Comisky clan, a legal lever undoubtedly wielded effectively by club president Mrs. Grace Comiskey, the only woman magnate in major league baseball.

She wasn't going to give up without a good argument a fellow of Lane's stature in baseball and his insatiable drive to establish the White Sox as American League pennant winners.

PENN FAVORED IN CALIFORNIA TILT SATURDAY

NEW YORK — Time was when the Ivy League would tremble if one of its members scheduled a game with a Pacific Coast Conference team.

But that wasn't 1953. Tomorrow the University of Pennsylvania entertains California in Philadelphia and it would be considered far from an upset if the Quakers win the big intersectional contest.

Penn has a murderous schedule with only one Ivy League school on it and the experts are figuring that maybe George Munger's boys will not be able to hold up. But they won their first game in 15 years from Penn State last week and are not disposed to play dead.

California Under Par
California is sub-par this year, but Pappy Waldorf has come up with a nifty quarterback in Paul Larson. It is his good arm that the Quakers will have to stop if they are to continue undefeated.

There's another top intersectional clash at Los Angeles where rock-ribbed UCLA plays host to Wisconsin of the Big 10. This UCLA eleven is rated one of the favorites for the Pacific Coast Conference title and should have enough to hold the Badgers in check.

Notre Dame, the No. 1 team in the country in the weekly Associated Press poll, has a day off, but Michigan State, its closest pursuer has what looks like a breeze. The Spartans will be at home to Texas Christian and figure to breeze to their 27th straight triumph.

Soft Touch For Buckeyes
Ohio State, which is making menacing gestures in the direction of the Spartans throne on top of the Big 10, plays Illinois, a conference foe. This one, too, should be a soft touch for the Buckeyes.

Michigan, the third member of the conference's Big Three, tangles with Iowa, which has looked fairly impressive.

In the Southwest, Oklahoma is on the spot. The Sooners were rated one of the top teams in the country before the season got under way. Then, even though they lost to Notre Dame two weeks ago, they stayed in the AP's top 10. But last week they were tied by Pitt and dropped out of the select circle.

Tomorrow they visit the University of Texas for a key game. Buddy Leake and his cohorts should win, although Texas is an outfit that has shown it can score.

Georgia Tech Vs. Tulane
Georgia Tech, unbeaten in 28 games—the longest skein without a defeat in the land—also must prove to the experts that it is as strong as it has been the past two years. The Ramblin' Wrecks, with a tie and a two-point victory to show in their last two efforts, take on Tulane.

Maryland, which could turn out to be the power of the South even without Jack Scarbath, has a date with pass-minded Georgia.

Another big one in Dixie is the Auburn-Mississippi State set. Auburn, for many a year one of the South's doormats, has the folks in its neck of the woods all excited at the prospect of upsetting Jackie Parker and his feared Mississippi State team.

Other Major Titts

Other major games include:

EAST
Columbia at Yale, Cornell at Navy, Dartmouth at Army, Colgate at Harvard, Rutgers at Princeton, Bucknell at Holy Cross, Villanova at Boston College, Nebraska at Pitt, Fordham at Syracuse, Penn State at Boston U.

SOUTH
Tulsa at Alabama, Purdue at Duke, Kentucky at Louisiana State, Vanderbilt at Mississippi, Chattanooga at Tennessee, North Carolina at Wake Forest, Virginia at George Washington.

MIDWEST
Marquette at Indiana, Minnesota at Northwestern, Kansas at Colorado, Kansas State at Iowa State.

SOUTHWEST
Texas A&M at Texas Tech, Arkansas at Baylor, Hardin-Simmons at Rice.

FAR WEST
Southern California at Washington, Stanford at Oregon State, Oregon at Washington State, New Mexico at Arizona.

JAYCEES PLAN

(Continued from Page 1)

State Junior Chamber of Commerce and the Pennsylvania Junior Chamber of Commerce, the essay contest "Voice of Democracy" will be directed by the local Jaycee group. The contest will "kick off" November 1 for Gettysburg High School youths of the 11th and 12th grades.

Students will prepare speeches on the ideals of democracy. High school teachers will select the three outstanding finalists. Their voices—

Al Rosen, left, smiles contentedly at the Cleveland Indians' general manager, Hank Greenberg, Thursday, after signing a contract in Cleveland for his sixth season as the Tribe's third basemen. Greenberg said the grins indicated a substantial pay raise.

Miss Chadwick Swims Famous Hellespont Twice

CANNAKALE, Turkey — Florence Chadwick of San Diego, Calif., today swam both ways across the Hellespont, the Turkish Dardanelles.

This was the third channel conquest in little more than a month for the American swimmer.

On Sept. 4 she swam the English Channel from England to France in the record time of 14 hours and 47 minutes. She was forced to quit because of the cold after two and a quarter miles of a return trip.

On Sept. 20 Miss Chadwick broke all records swimming the Straits of Gibraltar from Europe to Africa in five hours and six minutes.

Miss Chadwick entered the water four miles north of Cannakale and swam the same course as that followed by the mythical Greek, Leander.

She completed the round trip in one hour, 56 minutes and eight seconds.

She passed through the area where 81 Turkish sailors perished in the sunken submarine Dumlupinar April 4 this year.

"It was a weird feeling to swim over their steel tomb," she said afterwards.

WOMAN KILLED AS CAR UPSETS

BRISTOL, Pa. — A woman was injured fatally early today when she and two other occupants of an auto were thrown to the roadway as the car upset in a two-car collision here.

Mrs. Betty Lukens, 28, of Fairless Hills, Pa., driver of the one car, died at Mercer Hospital, Trenton, N. J., about two hours after the crash.

The other occupants of the auto were detained at the hospital. They were Mrs. Janet Marietta, 25, of Fairless Hills, fractured pelvis and cuts, Mrs. Beverly Dunn, 23, of Fairless Hills, cuts. Neither was in serious condition.

The driver of the other auto, John J. Weiss, of 102 South Hick St., Mount Carmel, Pa., was booked by Patrolman Harry Bauer on a charge of manslaughter by auto and reckless driving.

At a special high school assembly in November, the finalist will read his speech and receive a prize. A recording of the speech will enter in the state contest at Harrisburg.

Should a Gettysburg youth win in state competition he will be sent—courtesy of the local Jaycees—to the national contest to be held in Tulsa, Okla.

"Available" Moore Faces Troy Tonight

NEW YORK — Terry "Available" Moore, the boxing fill-in, hopes to make good in a substitute's role again tonight when he faces walloping Willie Troy in a telecast ten rounder at St. Nicholas Arena.

They're calling the stocky Baltimore middleweight "available" because he's always ready to sub at a moment's notice. Just back from a successful European tour, he was given plenty of notice—for Moore—when he was asked Tuesday to replace ailing Randy Sandy against the hard-hitting Troy.

It was 2½ years ago when Moore, on 24 hours notice, subbed for a sub and went on to beat the favored Chuck Hunter in the same arena. He filled in for Ray Barnes who had signed to sub for Dick Wanger. The 24-year old, 5-8 Moore is an 8 to 5 underdog again tonight.

INSPECTS FOUR GAME CENTERS

HARRISBURG — Dr. Logan J. Bennett, new executive director of the Pennsylvania Game Commission, expects to complete an inspection tour of the state's game facilities in the next two weeks.

"I've finished visiting four of the six wildlife conservation divisions during the last two weeks and expect to get to another one next week," he said. "That will leave only one for the following week."

Dr. Bennett took over the director's job Oct. 1 upon the resignation of Thomas D. Frye.

"I haven't reached any conclusions as such but I've seen how our various programs are getting along and have had very pleasant meetings with commission personnel in the field," Bennett commented. "I've learned a lot."

Dr. Bennett began his tour at Reading's southeast divisional office last week but has not indicated what other divisions he visited. The exact time of his inspection is not being announced because most fieldmen in the division visited are called in to attend the meetings.

A victory for Emmitsburg would require a deciding game on October 18.

Union Bridge At Emmitsburg Sunday

What may be the final baseball game of the season will be played at Emmitsburg Sunday afternoon where Union Bridge will meet the Emmitsburgians in the second of the best-of-three series for the playoff title in the Penn-Mar Baseball League.

Union Bridge, who won the regular season championship without a setback, downed Emmitsburg last week and needs only a victory Sunday to add the playoff title.

the home during the past month and Mrs. B. W. Hughes reported that Jack Cenna will show movies at the home during the winter. More projectionists are needed for the movie presentation, she added.

Ice cream, as a treat for the guests at the home, is proving an expensive proposition, according to reports at the meeting. Cost of the ice cream is about \$30 per month. The auxiliary has spent about \$300 this year to provide ice cream, and donations by various groups has totaled only \$116. The auxiliary plans to ask organizations to sponsor ice cream for one month periods.

Mrs. Murray, Mrs. Lawver, Mrs. Lloyd Kleinfelter and Mrs. Clarence Smith reported the autumn tour of the county for the guests will probably be made next week.

Mrs. Ira Henderson reported that the Young Women's Bible Class of St. John's Reformed Church, New Chester, held the September birthday at the home. The class was accompanied by Mrs. Alton Leister. Gifts were presented to the two guests having birthdays during the month. All were treated to ice cream and cakes. Heart shaped plastic cups were presented.

Services were held at the home during the month by the Gettysburg Methodist church, the Spring Grove church, Munnasburg Mennonites, Gettysburg College students and Fairfield Mennonites.

A donation of \$7.50 was received from the Eastern Star for refreshments for a party to be held for the guests with Mrs. Henderson in charge. A donation of \$10 for a party was received from Mary Ellen Yount.

The next meeting of the auxiliary will be held November 12.

SHUMAN'S CUT-RATE STORE

About 58 Million Income Tax Payers To Get Reduction Jan. 1

By CHARLES BARRETT

WASHINGTON (AP)—Despite continued high defense spending and acute budget problems, the government plans to give about 58 million individual income taxpayers a tax cut starting Jan. 1.

The reduction, the first since 1948, will be about 10 per cent for the great bulk of taxpayers. But the percentage drops sharply in the higher income brackets—down to only one per cent for a single man making one million dollars a year.

The Eisenhower administration is pledged to let the reduction take effect, barring an unexpected and extreme emergency. Due to expire on the same date is the excess profits tax on businesses.

To Cost 3 Billions

The income tax change will cost the Treasury about three billion dollars a year in revenue, at a time when high spending throws a shadow over efforts to balance the budget.

But 1954 is an election year, and few if any voices have been raised against the reduction. If more revenue is needed, it will be sought elsewhere.

The prospective cut follows two increases voted after the Korean War started. It merely cancels the second increase, in 1951. So you'll still be paying more than you did, say, in 1949.

Won't Help In March

At any rate, revenue officials caution against counting your chickens before they hatch. They point out the reduction starts on Jan. 1. But you don't file returns on 1954 income until 1955. So when you fill out those returns next

March, you'll still be dealing with 1953 income—at the higher rate.

The big immediate effect will be on some 46 million workers whose income taxes are deducted from paychecks. After Jan. 1, the payroll withholding rate will be reduced from 20 per cent to 18 per cent of your income, after allowances for yourself and each dependent.

Washington 1st add World Today

column N9 x x x dependent. For a single person with no dependents and making less than \$2,000, the percentage reduction under this year's tax bill will be 9.9 per cent. It climbs gradually to 10.7 per cent at \$10,000 income and then drops to 7.3 per cent at \$50,000 income, 1.9 per cent at \$300,000.

Some More Examples

For a married couple with two children, the reduction starts at 9.9 per cent in low income levels and rises to 10.7 per cent at \$20,000, then drops to 7.4 per cent at \$100,000, 3 per cent at \$300,000, and 1.6 per cent at one million dollars.

Dollarwise, for a worker with no dependents, the annual reduction amounts to \$8.80 at \$1,000 income, \$54.40 at \$3,000, \$108 at \$5,000, \$212 at \$8,000, \$292 at \$10,000, \$820 at \$20,000, \$2,890 at \$100,000 and \$10, \$20,000, \$2,890 at \$100,000, and \$10,000 at one million dollars.

For a married couple with two dependents, the dollar reductions would be \$13.20 at \$3,000 income, \$57.20 at \$5,000, \$129.60 at \$8,000, \$181.60 at \$10,000, \$536 at \$20,000, \$4,120 at \$100,000 and \$13,768 at one million dollars.

JOHN W. WABLE IS SOUGHT FOR 2 PIKE DEATHS

CLEVELAND (AP)—The latest lead in the Pennsylvania Turnpike shootings set off a two-state search today for a 25-year-old man described as possibly "armed and dangerous."

Hunted on a Pennsylvania warrant for "investigation of murder" was John Wesley Wable, who disappeared Monday from a rooming house in which he had been living here.

Two Pennsylvania state patrolmen were returning to Harrisburg, Pa., for ballistic tests on a German made pistol that might have been used in the shootings last July. Bullets fired by the weapon in a preliminary test were sent there yesterday.

Two truck drivers have been shot and killed recently in their rigs parked along the turnpike. Another trucker was wounded seriously while sleeping in his truck near Lisbon, Ohio. Tests showed all three apparently were victims of the same .32 caliber weapon.

Similar Markings
Detectives said the German pistol linked with Wable was a .765, about the same as a .32, and that it fired slugs with markings "very much like" those on the bullets in the trucker shootings.

Homicide Capt. David E. Kerr said the search for Wable started after police, checking a pawn shop, found a watch fitting the description of one taken from John K. Shepard, 34, of West Alexander, Pa., when he was wounded in his truck near Lisbon.

The address and last name on the pawn ticket, signed "Wable," led officers to the rooming house Wable is said to have left Monday. The man's 22-year-old girl friend said Wable had the watch and a pistol after the Lisbon shooting, Kerr reported.

Former Truck Driver

The pistol was given to her stepfather, the officer quoted her as saying. The stepfather had turned it over to police in suburban Bedford Heights.

Truman Receives S. Hillman Award

ST. LOUIS (AP)—The "old guard of reactionaries" have gained new strength and "want to return to the days of McKinley," former President Harry S. Truman said last night.

But he said he worried even more about those in the Eisenhower Administration who want to "stand still."

"The greatest danger springs from the attitude of those who reluctantly, and 20 years late, accept the reforms we have made, and then refuse to go forward to meet the new problems we face," Truman said.

He spoke at a dinner at which he received the \$1,000 annual Sid-

ney Hillman Foundation Public Service award.

"The present administration has approached its responsibilities under that act in a very gingerly and timid fashion," Truman said. "What its policy is actually going to be, nobody knows."

Perfection Of Polio Vaccine For Nationwide Tests Announced

MIAMI, Fla. (AP)—Perfection of an experimental polio vaccine to a point justifying inauguration of plans for nationwide vaccination tests on hundreds of thousands of children, perhaps early next year, was announced today.

It's the vaccine whose development first was announced last spring by Dr. Jonas E. Salk of the University of Pittsburgh, working under a March of Dimes grant.

It was disclosed that additional preliminary research on humans since last spring has greatly strengthened hopes for the vaccine and that it's also been found possible to improve it and to produce it in a variety of forms, each of which may have particular advan-

tages in the fight against the great childhood crippler.

Dr. Salk made the historic announcement that science had at last achieved a material safe, potent and promising enough to be put to the acid test of determining whether it protects against the disease under natural conditions of exposure. He said large-scale production was possible.

He told the American Academy of Pediatrics (AAP) that the vaccine—early proven to be capable of preventing polio in experimental animals—has now been tested in 637 humans, including 163 described in his original report last spring.

GOD'S DESIGN FOR NEW MEN

Jeremiah 31:31-34
I Peter 1:13-23

Memory Verse: I will put my Spirit within you, and cause you to walk in my statutes, and ye shall keep my judgments, and do them, Ezekiel 36:27.

To make effective His design for a better, world which we discussed last week, God elected to use people. This means regeneration or new people. And in order to preach His design for new men, which is the topic before us today, God spoke through two consecrated and vigorous followers—Jeremiah the prophet and Peter the apostle. We find their messages full of meaning for the period in which we live, and for all ages.

Jeremiah has been called a prophet of doom. His were gloomy days. For forty years his nation was threatened with destruction. Jerusalem was finally destroyed. Through it all Jeremiah was the chosen prophet. In many ways his vocation was as difficult as that of Moses. But he was not disheartened. Their nation might fall but the people were still the Lord's who would make "a new covenant" with them. He would not treat them like children and lead them by the hand as He did while bringing them from slavery in Egypt. "I will put my law within them, and I will write it upon their hearts." A new monitor, a new conscience directed by God Himself would be their guide. And this was a personal relationship.

Not only was He the God of the nation or the family but the God of each individual, "from the least of them to the greatest." And in addition He would forgive their iniquity and remember their sin no more. Misfortune and distress might visit the nation but in this new covenant the least and the greatest would be treated as children of the Most High. The only conditions for the privilege of this inner, personal relation to God are faith and repentance. The true Christian of today values this "covenant," and can be counted on to aid in making effective God's design for a better world.

The Apostle Peter wrote his first letter to the Christians of Asia Minor while they were threatened with persecution on all sides. It was the time following the burning of Rome for which the Christians were falsely blamed. So Peter, like Jeremiah, called upon Christians to take courage. There was reason for much hope. He warned them also not to allow

prevailing pagan religions to water-down their true faith in Christ. There was danger of that. Then there was peril in too much ritualism and not enough of the plain gospel which Jesus had declared. He urged holiness in thought and living, the quality of life taught and exemplified by Christ. With Him had come a newness of life. Even while Peter was writing this letter there may have come to him memories of his difficulties in achieving a genuine Christian faith and life. He it was who denied, at Christ's trial, that he knew the Lord. Often impetuous and blustering he had to go through much disciplining before he became a stalwart follower of Christ. He wrote from experience about the patience and grace of God. By this same grace he writes, "You have been born anew." Consequently love each other fervently. Love took on a new meaning with the coming of Christ. There was not much of it among the pagans. Now it was the mark of the earnest

Christian. The world of today desperately needs a new outlook on life, as God has planned. That design can only come into effect through new men, men regenerated by the Spirit within. We are tempted to rely on other means. But a social order that will meet the needs of an ailing world must bear the marks of Christian brotherhood. When Life
REALLY
begins...

Baby's first step is something more than a parlor sensation!

It is her first daring venture in the conquest of her own limitations!

We really begin to live when we first try to overcome our weaknesses. And we cease to live the moment we lose the burning desire for self-improvement.

Our most serious limitations are not physical, but spiritual. That is why the Christian Church is indispensable to the life of a child or an adult.

Christianity helps us understand those spiritual shortcomings. Christ teaches the Faith by which alone man overcomes them.

And our daily conquest of these spiritual limitations prepares us for the ultimate goal of living—that LIFE WITHOUT LIMITATIONS which we call Heaven!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

HOME FOLKS OF KIDNAPPER ARE "DUMBFOUNDED"

PLEASANTON, Kan. (AP)—A shock wave went up and down the streets in this town of 1,200 with the announcement one of its native sons took part in the kidnapping of Bobby Greenleaf.

There aren't many here who thought Carl Austin Hall would amount to much but hardly anyone ever figured he would be involved in a kidnapping and murder.

"Everybody was just dumbfound-

ed," said Marsh Bradley, publisher of the Pleasanton Observer-Enterprise. "They just couldn't realize that a hometown boy had a part in the fiendish crime they had been reading and hearing so much about."

In Pleasanton, Hall isn't known so much for himself but because his family has been important in the community. Hall inherited \$200,000 in 1946. His parents are dead. His father was a prominent attorney.

Postmaster Lawrence W. Leisure knew Hall well.

"I just can't realize Carl is a kidnaper," Leisure said. "We don't raise our boys down here like that." Hall is a World War II Marine Corp veteran.

"Something just happened to that

SEEK PLAN TO SETTLE AMISH SCHOOL ISSUE

HARRISBURG (AP)—The State Department of Public Instruction today is working on a program of home study designed to solve the perplexing Amish school problem.

"We hope to have the curricula set up within a few days," said Dr. Francis B. Haas, public instruction superintendent. He declined to discuss details of the plan but said that the course drawn up would

take as much time for studies as attendance at public school would require.

About 18 parents of the Amish religious sect in Lancaster County have paid nearly \$600 in fines the last few months and spent varying times in jail for refusal to allow their children to attend school after they become 14. The Amish say that further education is against their religious principles.

Plan Home Studies

"We hope to work up a course of study in which the Amish children can do their school work at home," Haas added.

Other sources reported the plan under consideration would permit 14-year olds to stay home and study under the supervision of their parents or other eligible persons. The hitch was said to concern whether the state will approve a plan calling for supervision by the parents.

The arrests of old order Amish parents was resumed Monday night after a lapse since Sept. 25. The Leacock Twp. school board pressed charges against five persons for failure to send their children to school. They were released on bail pending hearings.

Allie Reynolds of the Yankees would like to win two more World Series games before he retires. He has won six.

BLUES HAVE BLUES

SUPERIOR, Wis. (AP)—The Superior Blues, who have drawn only 30,000 this year, will remain in the Northern Baseball League next season only if major league affiliation is arranged. That's the word of General Manager Billie Berg. Superior is unaffiliated.

In 1952, when the Blues won the league all-star game, the pennant and the playoffs, they drew 75,000 fans.

Berg said if the franchise is sold for about the \$15,000 the club has lost this season, the money will be banked with an eye toward getting back into the Class C circuit — if a major league connection can be arranged.

Despite the demand, the council said at a meeting here, all sizes of hard coal are readily available, including buckwheat which generally is used in automatic equipment.

At its meeting, the council elected Ervin M. Spangler of York and G. Harrington Thomas of Jenkintown as co-chairmen. The council also announced that Cleaner Air Week will begin in the state Oct.

3 SPECIALISTS IN RADAR ADMIT BEING "FIRED"

WASHINGTON (AP)—Three radar specialists, including one who said he went to college with convicted spy Morton Sobell, say they were among the civilian workers suspended by the Army "for security reasons."

All three denied being security risks and declared they would fight the charges on which they were suspended from jobs at the Army Signal Corps' Ft. Monmouth, N. J., radar research laboratories.

The Army said it has given no one outside the executive branch of the government the names of the suspended employees or any information about the case. It declined to give even the number involved or the precise nature of the charges.

Army Cooperating
However, an Army spokesman said it was cooperating with the Senate investigations subcommittee headed by Sen. McCarthy (R-Wis.). The spokesman said the Army is permitting the group to question Ft. Monmouth workers.

The three who named themselves Wednesday were:

Aaron H. Coleman, 35, of Long Branch, N. J., quoted by the Newark Evening News as saying he was told by the government that he was being suspended because of people he knew in college and at work.

Harold Duore, 34, also of Long Branch, whom the News quoted as saying he was suspended after 12 years of working on radar projects at Ft. Monmouth.

Ryan G. Yarnins of Newton, Mass., named in Boston by his attorney, Samuel Markell, as one of the suspended employees.

ITALY WILL GET TRIESTE AREA OF U.S., BRITAIN

WASHINGTON (AP)—The United States and Britain jointly announced Thursday they will turn over their occupation zone in the Trieste area to the Italian government for administration "at the earliest practicable date."

This decision was disclosed as a step to halt the "recent deterioration in the relations between Italy and Yugoslavia." Both countries claim the entire free territory of Trieste.

American and British troops have occupied Zone A, including the city and port of Trieste, for nearly eight years. At present some 4,000 American and 3,000 British troops garrison the area. Yugoslavia occupies the remainder of the area, known as Zone B.

The British and American troops will be withdrawn, the announcement of the decision said.

"It is the firm belief of the two governments that this step will contribute to stabilization of a situation which has disturbed the Italo-Yugoslav relations during recent years," the State Department said.

"They trust that it will provide the basis for friendly and fruitful cooperation between Italy and Yugoslavia, which is as important to the security of Western Europe as it is to the two countries concerned."

Marshal Tito's government is expected to oppose the transfer to Italy.

YORK, Pa. (AP)—The Pennsylvania Conference of the Evangelical United Brethren Church voted opposition Thursday to sale of intoxicating drinks to members of the armed forces.

A resolution adopted at the conference's 165th annual session urged all pastors and church members to write letters of protests to their senators and congressmen.

Queen To Decorate Rhodes Scholar

NEW YORK (AP)—Dr. Frank Aydelotte, president of the Association of American Rhodes Scholars and former president of Swarthmore, Pa., College, sailed from London yesterday to receive a decoration from Queen Elizabeth.

He told newsmen as he boarded the Cunard liner Mauretania that she had designated him or her birthday list as an honorary knight commander of the Order of the British Empire.

Dr. Aydelotte, who also is a former head of the Institute of Advanced Study at Princeton, N. J., is scheduled to receive the honor Oct. 20 at Buckingham Palace.

Elected President Of WCTU Fifth Time

LANCASTER, Pa. (AP)—The Women's Christian Temperance Union of Pennsylvania last night re-elected Mrs. Emma O. Leonard of Pittsburgh to her fifth term as president.

Re-elected with Mrs. Leonard were Mrs. Ethel Darks, Lebanon, vice president; Mrs. Martha B. Mayhugh, Ridley Park, corresponding secretary; Mrs. Catherine Wisler, Philadelphia, treasurer; and Mrs. Alvin Sherbine, Johnstown, recording secretary.

At the session, the Rev. P. Vanis Slawter, pastor of Blocklet Baptist Church, Philadelphia, told the delegates "there is no virtue at all that we can put in liquor."

Mrs. Leonard presented a pin to Mrs. William Hoffman of Philadelphia for securing the most members during the past year. Miss Edith Wilds of Fulton County was also honored, in absentia, for organizing the greatest number of local unions during the year.

HARRISBURG (AP)—Insurance Commissioner Artemas C. Leslie has suspended the license of the Colonial Mutual Fire Insurance Co., Upper Darby.

The suspension, Leslie said, was made because the company had a substantial financial deficit as of Aug. 31.

Police On Lookout For 3rd Figure In Kidnap Case; May Be Dead; Possibly Not Involved

KANSAS CITY (AP)—The FBI today withheld a nationwide alert on Thomas John Marsh but police from coast to coast were on the lookout for the mysterious ex-convict who may hold the key to certain unanswered questions in the Bobby Greenlease kidnap-killing.

The federal agency said it had delayed any nationwide search for him pending clarification of inconsistencies in statements made by the pair now held in the kidnaping. Under arrest in St. Louis are Carl Austin Hall, described as the leader in the plot, and Mrs. Bonnie Brown Heady, 41, the divorcee who aided him.

Denies Killing
Hall admitted kidnaping the 6-year-old boy, son of multimillionaire Robert C. Greenlease, 71, burying the child's body after finding him dead and collecting the \$600,000 ransom.

But he denied killing Bobby, whose body was dug out of a shallow grave in the yard of Mrs. Heady's St. Joseph, Mo., home Wednesday. The 37-year-old Hall told officers he turned the boy over to Marsh on the day of the kidnaping and later found him shot to death in the basement of the Heady home.

He claims he hasn't seen Marsh since.

Some officers say they believe

Hall was the killer. Other authorities even have expressed doubt that Hall and Mrs. Heady had an accomplice.

May Be Dead
There has been some speculation that Marsh may be dead.

Hall and Mrs. Heady now are held on \$100,000 bonds on federal charges of extortion. However, Atty. Gen. Howard Brownell said in Washington they would be turned over to the State of Missouri for prosecution.

Jackson County Prosecutor Richard K. Phelps said they probably will be brought to trial here. He said that at this point kidnaping charges against them in Kansas City are stronger than would be the murder charges against them in St. Joseph, Mo.

Death is the maximum penalty for either crime in Missouri.

Everett Anderson, candidate for the center position on the Duke football team, is the son of eye specialist Dr. Banks Anderson of the Duke Hospital staff.

A And P Celebrates 94th Anniversary

NEW YORK, N. Y.—Ralph W. Burger, president of The Great Atlantic & Pacific Tea Company, today urged the nation's food indus-try to strive for greater efficiency in its operations in order to further narrow the spread between farm and retail prices.

In a statement launching a month-long celebration of the nation's oldest food chain's 94th anniversary, Mr. Burger cautioned the industry against wasteful practices that might tend to increase the cost of food to consumers or reduce returns to producers.

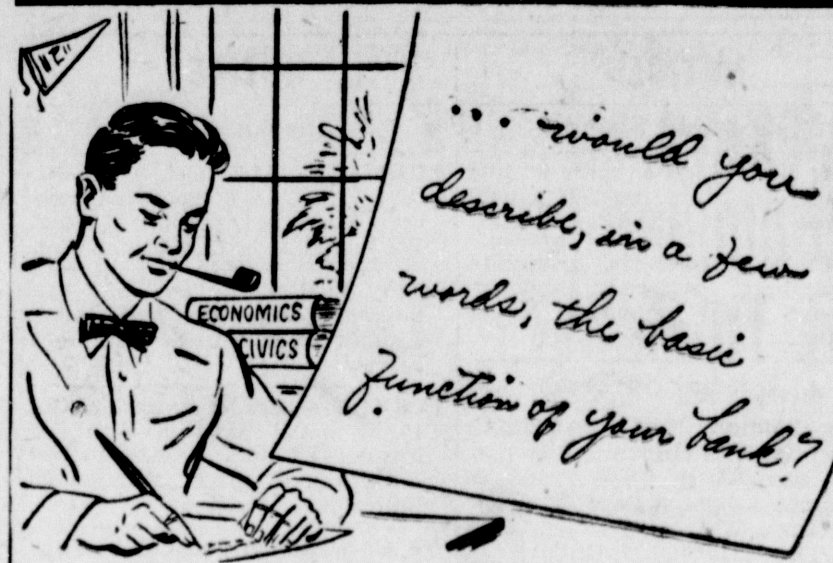

"The entire food industry, from producer to distributor, has given the American people the highest standard of eating in the world to-day," Mr. Burger said. "The average family in this country has a better and more varied diet and spends a smaller percentage of its income on food than do the residents of any other country. But if we are to remain the best-fed nation, we must continue to seek new and better ways of producing and distrib-uting food."
